ACEI ASSOCIATION OF CONSULTING ENGINEERS OF IRELAND

Attn.: TO WHOM IT MAY CONCERN

16th April 2020

**Re.: AIB CORPORATE HEADQUARTERS FIT-OUT
10 MOLESWORTH STREET DUBLIN 2**

CJK Engineering carried out the Electrical Services Installation for the AIB Corporate Headquarters Fit-Out (120.000 sq.ft.) at 10-15 Molesworth Street which was completed in March 2019.

The AIB Corporate Fit-Out incorporates a reception, open plan workstations, cellular offices, meeting room suites, dealer's area, collaboration/ breakout areas (including a two-storey bleacher space), commercial kitchens, canteen, gym & a customer experience centre.

The project works for the Molesworth Street project were won by CJK Engineering following a competitive tender process and were based on a highly co-ordinated, semi exposed Building Services installation with an aggressive construction programme.

We can confirm that the CJK Engineering Management & site team performed their duties on the project in a very professional and pro-active manner to the entire satisfaction of the Client & Design Team Members.

Based on our experience with CJK Engineering the Directors of Metec Consulting Engineers would have no hesitation in recommending this Contractor for further projects and we welcome the opportunity to work with them in the future.

Yours Sincerely,

Cyril Creaven
Executive Director
